Function of the Admission Committee

- This committee establishes and implements the criteria for admission or enrolment of the students to the college for all the courses according to the University and College Council regulations.
- The Committee will lay down the detailed procedure to be followed for admission and ensures the same has been implemented / followed.
- The Committee will identify and approve for admission suitable qualified candidates and displays the merit list as per schedule predetermined by the University and college council.
- Analyze the changes required in the admission policies of the previous years so as to improvise the system and the process.

Policy of the Admission Committee

- The Admission Committee will work to carry out the admissions process in a manner that is equitable, efficient, and timely.
- It aims to be cognizant of enhancing the pool of qualified students of diverse backgrounds, as well as guidelines for the reasonable accommodation of potential students who are affected with Disabilities.

- The notifications/circulars regarding reservation policy declared by the affiliating University is adhered to while enrolling students for the courses.
- Sanctioned intake capacity is also duly considered.
- The committee also aims to identify and select the most qualified applicants in the total applicant pool and continually monitor college admissions policy and procedures to ensure efficiency, effectiveness and equity.
- The committee works towards making the admission process simple, student friendly, time bound and free from any errors and flaws.

Procedure of the Admission Committee

- To receive applications / forms from the potential students. An online application system is in place at the campus.
- Entire admission schedule with information about due dates for procuring & submission of admission application forms, verification of forms with supporting documents, schedule of displaying the merit lists for all courses with the due dates for payment of fees is notified on the college website as well as college notice board from time to time.
- To accept applications / forms with the necessary documents from the eligible students.
- To scrutinize the applications / forms received on the basis of criteria / category fixed.
- To prepare and display the list of students eligible for admission on basis of criteria / category along with the formalities to be completed for admission.
- To accept the fees from the students who have been offered admission along with necessary documents and issue the fee receipt.

AGENDA FOR THE MEETING

Regarding the Problem of 2 Mbps link/lease line connection from NIC provided by BSNL, OMR, CHENNAI.

MINUTES OF MEETING

The Systems Officer stated that the lease line connection /2 Mbps link of the college campus is found out of service and as a result the data transfer and fees update and patient details to system has not be done.

The matter has been informed to the branch office BSNL, OMR which has taken steps but the problem remains.

The Committee hereby resolves to communicate the branch office BSNL, omr with a request to provide direct lease line connection to the College campus instead of sharing connection with NIC.

The sharing connection has been creating difficulties such as after office time, the internal related works has been being interrupted due to shut down of the connection

It is further resolved to arrange a meeting on 29-12-2020 at 3 P.M. of the Committee with the incharge of Branch Office BSNL.

The Systems Officer is directed to take all necessary steps to arrange the meeting on schedule time.

AGENDA FOR THE MEETING

Requirement of Computers, Printers and other hardware.

Launching of DENONE

MINUTES OF MEETING

The Committee discussed the matter of requirement of Computer hardware for Finance committee in detail. The Systems Officer informed that the available computers, printers and other hardware are not adequate to provide the required services and the computers are already 5 years old.

Dr. Arunmozhi suggested that these machines may be declared as obsolete. In view of the requirement of sufficient numbers of computer hardware, the committee resolved to request the Systems Officer to prepare an inventory of Computer hardware in the Finance Committee and thereafter take up the matter with the CHAIRMAN for providing required numbers of necessary computer hardware.

Dr. Rangarajan was happy to announce the upgradation of Patients record in the system. Previously it was difficult to maintain all the records in the the register notebook and to maintain it.

Now it has been ease for all the departments to maintain the records.

Demo classes were planned for the department receptionist to work on the system.

PATIENT OUTREACH COMMITTEE:

INTRODUCTION:

Patient outreach committee of the college is functioning under the Department of Public health dentistry. Numerous outreach programs has been conducted for the past 15years.

OBJECTIVES:

The main functions of the department are-

- Serving the needy
- Underprivileged locality people through the outreach activities.
- To improve oral status of the community.

OUTREACH ACTIVITIES:

The outreach activities to reach the public is through many ways. Majorly it can be achieved by means of conducting-

- Free dental screening and treatment camps.
- Dental screening and treatment via PHC's in collaboration with Tamil Nadu government.
- Stimulating, Implementing dental health awareness to the people through mimes, social activities, dramas, short films, health education posters and videos, rallies.
- Another important part of the department is "RESEARCH", encourage students in performing research.

MOTTO:

The demoralization about the oral related diseases can be prevented by making an early identification, investigation and providing the most desirable treatment which can be achieved through the introduction of out-reach programs. When we see the dentist and population ratio in City and in Village (i.e) Urban and Rural places , there is a vast difference . The ratio is very low in urban area when compared with the rural area.

So our main motto is to **“REACH THE UNREACH”** .

DENTAL CARE DELIVERY SYSTEM:

Preventive, Promotive, Curative services to the under privileged public through the screening and treatment camps and hands together through PHC's. MOV's has been signed with two government public health centres – one at Medavakkam and another at Kelambakam.

CAMPS:

Various Camps were conducted in many areas

PRIMARY HEALTH CARE:

The PHC's runs on a daily basis. The Medavakkam PHC have a dental block which is equipped with one dental chair, all dental materials and instruments to deliver some treatment for the patients reporting to PHC. Interns along with a dentist is posted on a regular basis for providing treatment at each PHC's.

MOBILE DENTAL SERVICES:

Using Portable dental unit and mobile dental bus we are able to reach the un accessible areas and provide them dental treatment.

INTERDISCIPLINARY APPROACH:

Large vast different group of people are reached. For example

- School camps for school children and teachers.
- Old age camps for Geriatric people .
- Factory workers , software employees.

The Department of Public health dentistry along with the Department of Pedodontics and Preventive dentistry, School camps were conducted to identify and treat dental problems occurring in early and younger age group children and also creating

awareness about the oral health. Dental awareness is given not only to the students but also to the parents and teachers about the importance of oral health.

TRANSPORTATION:

The college provided various types of transports based upon the area and the number of interns and staffs being presented.

It is two way service in which the interns had been dropped off and the patients are being picked and taken to the institution from the PHC'S and it is also same in the mega camp in which the patients are been taken for the treatment.

If the transportation is not being arranged most of the patients may show disinterest and it would have affected the treatment .

ADVANTAGES

1. It helps in improving the oral health of the community in which it which the people ,
2. It will help in identifying community disease like fluorosis
3. While teaching the large population it will reach an entire geographical area and lead to an awareness
4. It will lead to the clinical experience for the interns as they will see a various cases which will lead to the expansion of their knowledge.
5. It will lead to the development of research activities from the data collected from the camp and Phc's which will be a free of cost.

Purpose

The camps and phc's are being conducted / organized for the future aspect to decrease the oral disease and to educate the people so they learn about

the consequences of the oral disease and they will also learn about the ill effects of the tobacco and its products.

COMMITTEE COMPOSITION

In pursuance of guidelines issued by Supreme Court, UGC and as per the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013, Anti-Sexual Harassment Cell (Internal Complaints Committee) is reconstituted in Tagore Dental College & Hospital to provide effective enforcement of the basic human rights of gender equality and guarantee against sexual harassment and abuse and to provide conducive atmosphere in the campus, to all the staff members, employees and students of Sri Venkateswara Dental College.

It functions to be proactive by developing a conducive atmosphere on the campus, where the women are respected and treated with dignity. The cell has been established to spread awareness on women centric issues. With this view in mind, this cell organize activities pertaining to women's issues emanating time to time, in society and the media, sensitizing gender consciousness. The students are earnestly exhorted to take an active part in the activities of the cell. The ICC handles issues related to women's welfare.

by the member, who shall then inform the Chairperson of the Committee about the complaint, who in turn shall call a meeting of the committee.

2. The committee is bound to maintain confidentiality during the time of the enquiry (in order not to prejudice the proceedings).

3. After the report has been finalised, confidentiality should be maintained, if the complainant so desires, by withholding the complainant's name and other particulars that would identify her.

4. The ICC after the receipt of a complaint, establish a prima facie case of sexual harassment on the basis of both the definition of sexual harassment as given in this policy, and the jurisdiction of this policy.

5. In case of a complaint filed by another person on behalf of the complainant (where the complainant is in confinement) the complaint will be investigated in order to explore whether a prima facie case of sexual harassment exists and whether intervention or some other assistance is required.

6. During the enquiry procedure, the complainant and the accused will be called separately so as to ensure freedom of expression and an atmosphere free of intimidation. The complainant will be allowed to be accompanied by one representative during the enquiry.

7. The ICC must submit its report to the Principal of the college not later than one month for punitive action if required.

8. If the complaint is not resolved, the complaint may be referred to the Chairperson of the College or the management or handled legally.

9. The entire process of enquiry should be completed within three months.

Workplace safety programs - The main goal of safety and health programs is to prevent workplace injuries, illnesses, and deaths, as well as the suffering and financial hardship these events can cause for workers,

OSHA standards are **rules that describe the methods that employers must use to protect their employees from hazards**. There are four groups of OSHA standards: General Industry, Construction, Maritime, and Agriculture.

Accident prevention means **the application of measures designed to reduce accidents or the potential for accidents within a system, organization, or activity**. An accident prevention program is one which aims to avoid injury to personnel and / or damage to property, materials or, equipment.

Fire safety is **the set of practices intended to reduce the destruction caused by fire**. Fire safety measures include those that are intended to prevent the ignition of an uncontrolled fire and those that are used to limit the development and effects of a fire after it starts.

What is a workplace hazard? Hazards in the workplace **occur when the working environment can cause injury, illness or death**. The hazards can result from many of the different aspects of the working world, including equipment, dangerous materials, unsafe working practices and the behaviour of people

SAMPLE SAFETY COMMITTEE FUNCTIONS WITH OBJECTIVES AND DUTIES

Functions and Duties

1. Management Commitment to Workplace Safety and Health

- ◆ Establish procedures for review and management's response to minutes.
- ◆ Submit written recommendations for safety/health improvement/changes and response.
- ◆ Evaluate employer's safety/health policies and procedures.
- ◆ Respond in writing to safety committee recommendations.
- ◆ Review corrective action taken by management.

2. Committee Meetings and Employee Involvement

- ◆ Establish procedures for employee input, i.e. to receive suggestions, report hazards, and other pertinent safety and health information.
- ◆ Include employee input on agenda for safety committee meetings.
- ◆ Hold monthly meetings.
- ◆ Keep meeting minutes.
- ◆ Develop and make available a written agenda for each meeting.
- ◆ Take meeting minutes and distribute to management and the safety committee members.
- ◆ Include in the meeting minutes all recommendations.

3. Hazard Assessment and Control

- ◆ Establish procedures for workplace inspections to identify safety and health hazards.
- ◆ Assist the employer in evaluating the accident and illness prevention program.
- ◆ Appoint an inspection team of at least one employee representative and one employer representative.
- ◆ Conduct workplace inspections at least quarterly.
- ◆ Make a written report of hazards discovered during inspections.
- ◆ Review corrective measures. Make written recommendation to correct the hazard, and submit it to management for timely response.

SAMPLE SAFETY COMMITTEE FUNCTIONS WITH OBJECTIVES AND DUTIES, cont.

4. Safety/Health Planning

- ◆ Establish procedures to review inspection reports and make appropriate implementation of new safety/health rules and work practices.
- ◆ Develop/establish procedures for an annual review of the company safety and health program.

5. Accountability

- ◆ Evaluate the company safety and health accountability program.
- ◆ Make recommendations to implement supervisor and employee accountability for safety and health.

6. Accident/Incident Investigations

- ◆ Establish procedures for reviewing reports completed for all safety incidents, including injury accidents, illnesses and deaths.
- ◆ Review these reports so that recommendations can be made for appropriate corrective action to prevent recurrence.

7. Safety/Health Training for Committee Members

- ◆ Identify and make accessible applicable OSHA standards and other codes that apply to your particular industry.
- ◆ Provide specific training on your type of business activity. Include at a minimum, hazard identification of the workplace and how to perform effective accident incident investigation.
- ◆ Identify the location of safety procedures provided with appropriate equipment and inform employees of their location.
- ◆ Recommend training for new employees and refresher training on company, department and work location safety practices, procedures and emergency response.
- ◆ Management should maintain (and make available to the safety committee) records on employee safety training.

EXAMPLE OF WORKPLACE SAFETY COMMITTEE MEMBER DUTIES (National Safety Council)

Chairperson

- ◆ Prepare agenda for next meeting
- ◆ Arrange for meeting place
- ◆ Notify members of meeting
- ◆ Arrange program
- ◆ Set time schedule for meeting
- ◆ Arrange all seating for members
- ◆ Review previous minutes and material for meeting
- ◆ Conduct meeting

Secretary

- ◆ Record minutes of meeting
- ◆ Distribute minutes to committee members
- ◆ Post minutes for other employees
- ◆ Report status of recommendations
- ◆ Assume chairperson's duties, if required

Members

- ◆ Report unsafe conditions and practices
- ◆ Attend all safety meetings
- ◆ Report all accidents or near misses
- ◆ Review injury accidents, illnesses and death investigations
- ◆ Contribute ideas and suggestions for improvement of safety
- ◆ Work safely
- ◆ Influence others to work safely
- ◆ Make or assist in inspections

Actual duties will vary according to company needs.

MEETING AGENDA GUIDE

Successful, effective Workplace Safety Committees (WSC) will have competent leaders and dedicated members. The chairperson will be able to direct group discussion while sticking loosely to the business at hand. A carefully planned agenda will assist the chairperson in doing this. If the agenda can be given to all members in advance, members will arrive at the meeting better prepared. It will also remind them of any responsibilities they have such as reporting on task force or inspection team progress. A standard agenda form can be developed by the committee to meet its specific needs.

Agenda Guidelines

- ♦ The agenda should be typed on company letterhead.
- ♦ Limit it to one page in length and include:
 - Title
 - Date
 - Location
 - Starting and ending time
 - Topics of discussion
 - Minutes of previous meeting
 - Chairperson's report
 - Reports from subcommittees
 - Old business (Items not completed at previous meetings)
 - New business
 - Educational Section/Special Speakers

The agenda should be distributed to WSC members at least three to five days prior to the actual meeting. A copy should be attached to meeting minutes for distribution or posting.

SAMPLE MEETING GUIDELINES

These guidelines are for informational purposes only. Your own workplace needs will determine the discussions at your meetings.

1. Call to order by chairperson.
2. Roll call of members.
3. Introduction of visitors.
4. Read/Review minutes of last meeting.
5. Approval of last meeting minutes.
6. Discussion of unfinished business:
 - ◆ Reports on matters held over from last meeting.
 - ◆ Correction recommendations.
 - ◆ Safety suggestions.
7. Discussion of new business.
 - Report on injured or ill workers - follow-up welfare.
 - Accident or illness investigation:
 - ◆ What was the accident or illness?
 - ◆ What conditions contributed to the accident or illness?
 - ◆ Why did the conditions exist?
 - ◆ What can be done to mitigate another such incident?
8. Report on safety incidents:
 - ◆ Follow-up action taken by management and/or committee.
9. Committee reports:
 - ◆ WSC subcommittees can be developed to fit the specific needs of the company.
10. Suggestion box:
 - ◆ Discussion of submitted suggestions.
 - ◆ Assignment of suggestions for action.
11. Miscellaneous:
 - ◆ Quarterly inspection reports, special speakers, etc.
12. Announcement of next meeting date.
13. Adjournment.
