

SRI VENKATESWARA DENTAL COLLEGE AND HOSPITAL

Clinical Research Methodology Workshop

Date: 18/01/2022-20/01/2022

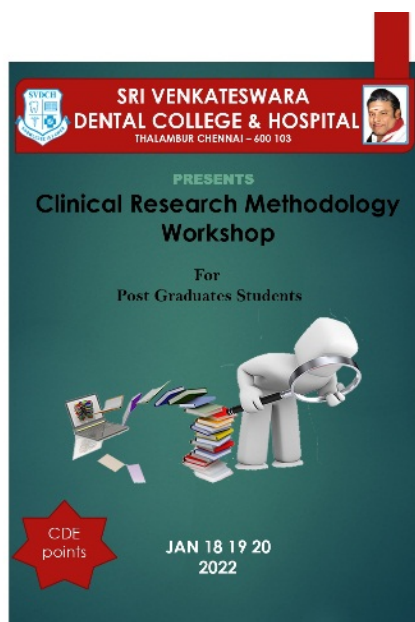

Time: 09.00 AM-05.00 PM

Venue: Lecture Hall: 4

No. of participants: 75

Summary:

Sri Venkateswara dental college and hospital, Thalambur, organized a 3 days research methodology workshop on 18th to 20th of January, 2022 at lecture hall 4. There were 75 participants who enrolled for the workshop that was scheduled from 09.00 AM to 05.00 PM. The three-day workshop covered the topics like Introduction to research methods, Research design, Design of sample survey etc., on the first day. Measurement of scaling concepts, data analysis and collection, report writing were discussed on the second day. The third day had topics like Computer applications and errors in measurement following which question and answer session were conducted and the certificate of attendance has been issued to all the participants.

Speakers		
DR. MAREVATHI Dept. of Orthodontics	DR. SHJATHA Dept. of Oral pathology	DR. POORNI Dept. of Endodontics
DR. SHANMUGAPRIYA Dept. of Periodontics	DR. MURUGANANDAM Dept. of Oral Pathology	
S.NO	TITLE	SPEAKER
1	What is research?	DR. MAREVATHI
2	Levels of evidence	DR. SHANMUGAPRIYA
3	Data and its type	DR. SHJATHA
4	Study design	DR. POORNI
5	Sample size calculation and sampling methods	DR. SHANMUGAPRIYA
6	Randomized controlled trials	DR. MAREVATHI
7	Statistical methods to analyze the data	DR. POORNI
8	In vitro studies	DR. SHANMUGAPRIYA
9	P value and its significance	DR. MAREVATHI
10	Critical appraisal	DR. POORNI
11	Manuscript writing and publication	DR. SHJATHA
12	Proposal writing	DR. MURUGANANDAM

Workshop on Pedagogy in Dental Education

Date: 19/12/2018

Venue -Lecture Hall 3

Faculty name: Dr Sabitha Sudarsan

No of Participants -34 (Faculty)

Time: 10.00 -3.00pm.

Pedagogy that supports development of practical and emancipatory knowledge includes problem based learning and case methods, journals, storytelling, and performance based assessment methods. These teaching strategies are integrated into various dental curricula. So dental educators should develop these methods to provide efficient and effective education for future practitioners in both the art and science of dentistry.

Workshop on Biosafety Measures

Date: 04/10/2019

Venue -Lecture Hall 4,

Faculty name: Dr .ArunMozhi

No of Participants -50 (Faculty-39 , Students-11)

Time: 10.00am -3.00pm.

Biosafety is the containment principles, technologies, and practices that are implemented to prevent unintentional exposure to biological agents and toxins or their accidental release. In simple terms, it may be described as protective measures that should be taken for any dental procedure to control the spread of microbial infections. This program highlights about the rationale for biosafety requirements in a dental practice, standard precautions have been described to prevent cross-infection and cross contamination, the need for an aseptic protocol, identifying methods for ensuring biosafety in the environment. Faculty and the students participated in the program.
