ANALYTICAL SKILL DEVELOPMENT

ACTIVITIES REPORT 2017-2022

SUMMARY:

Experience reveals that student learners, being promoted from one year to another are sometimes found to be behind the expected level of achievement required to keep pace with the secondary stage studies. Consequently, the problem of non-achievement in different terminal examinations has become very acute. So the need for remedial teaching in every year is being seriously conceived upon.

This has been followed from the year 2013, wherein all year in charges/ department identifies the slow learners and following a remedial class for them. Additional hour of teaching schedule in every department and more simplified method of teaching would be adopted by the departments for easy of understanding of the subject. Peer group studies are also promoted by the faculties for ease of study environment. The faculty also motivates the student and boosts the self-confidence to have a better outcome.

CONSOLIDATED REPORT OF SPECIAL PROGRAMS FOR STUDENTS

CRITERIA FOR ASSESSMENT OF STUDENTS AS SLOW PERFORMERS

- Students are assessed for academic performance based on the first terminal examination marks
- The students who score less than 40% are assessed and counseled.
- After discussing with student and mentor, the head of the department categorizes the student as a “slow performer”

CRITERIA FOR ASSESSMENT OF STUDENTS AS ADVANCED PERFORMERS

- Students are assessed for academic performance based on the first terminal examination marks
- The students who score more than 70% are assessed and counseled.
- After discussing with student and mentor, the head of the department categorizes the student as a “advanced performer”

SPECIAL PROGRAMS FOR SLOW PERFORMERS

- These students are further counseled to analyze the reason for the performance and to provide any required support.
- Remedial classes are designed for the benefit of the students.
- These students who improve their second terminal marks are released from the category and are not required to attend further remedial classes though they are free to do so.
- The process is repeated for the second terminal examination if necessary.
